The investee company (PTAI) continues to take measures to ensure that its business operations are carried out efficiently amidst several market and economic challenges. The Crude Palm Oil (CPO) prices shown a significant drop compared to last year of the same period and a downward trend in general compared to the previous year.

#### **Minimum Public Holding and Decision to De-list**

As per Rule 7.14.1 (1) (a) of the Listing Rules of the Colombo Stock Exchange (CSE), a Listed Entity on the Main Board having a public holding below the specified requirement in terms of the said rules, has to ensure that the public holding of such entity is maintained at a defined public holding percentage of shares in the hands of a minimum number of public shareholders as specified in the said rules.

As previously informed via annual and interim reports, the Company has been non-compliant with the CSE Listing Rules relating to minimum public holding requirements for companies listed on the Main Board since 1st December 2015. Due to such non-compliance, the Company was transferred to the 'Watch List' of the CSE in terms of Rule 7.14.2 (b) of the previous Listing Rules of the CSE with effect from 02nd July 2018 and thereafter transferred to the Second Board with effect from 15th November 2019 in accordance with the amended the Listing Rules of the CSE.

In this regard, we wish to highlight that the objective of the voluntary offer made to all shareholders in 2011 was to acquire the entire minority shareholding. The offer document dated 17th March 2011 also mentioned that upon completion of the voluntary offer, the rationale for remaining listed will be evaluated. Since the voluntary offer did not result in the acquisition of the entire minority shareholding, the Company continued to remain listed.

In 2016, the Company sold its main operational asset, the Malaysian oil palm plantation and the proceeds received by the Company was distributed via a share buy-back and cash dividend in 2017 after deducting taxes and related expenses.

The CSE via letter dated 22nd February 2022 informed the Company that the CSE in consultation with the SEC, is contemplating to carry out enforcement actions for noncompliance with the Listing Rules relating to minimum public holding requirement.

The company was requested to submit an Action Plan for adoption to be compliant with this requirement by 15th March 2022. The company via letter dated 13th June 2022 communicated to CSE that it is conducting preliminary discussions with Goodhope Asia Holdings Limited (GAHL) being the majority shareholder, for the purchase of shares from shareholders of the company, who may wish to divest their shares. GAHL communicated to the Company an exit offer to acquire the shares of the minority shareholders who may wish to divest their shares. Accordingly, the Board of Directors of the Company decided on the 17th of May 2023 to accept the exit offer made by GAHL in order to acquire the minority shares and to facilitate the proposed de-listing of the ordinary shares of the Company from the official list of the Colombo Stock Exchange.

An Extraordinary General Meeting was held on 19th June 2023 and the delisting resolution was approved with more than 75% of the shareholders present at the said meeting. The Company has forwarded an application to the Securities and Exchange Commission of Sri Lanka [SEC] as per Rule 5(1) of the SEC Rules, 2001 on 22nd June 2023 and awaiting SEC's decision on the said application made by the Company.

The Board of Directors will take all necessary steps in accordance with the Rules of the Securities and Exchange Commission of Sri Lanka published in Gazette Extraordinary No 1215/2 dated December 18, 2001, in relation to the delisting of shares from the Official List of the CSE.

#### 4. Non-current financial assets

#### a). Equity Investments at Fair Value through OCI - Unquoted Equity Shares

The Company holds a 13.33% equity investment (March 2023: 13.33%) in Shalimar Development Sdn. Bhd. (SDSB), an investment holding Company incorporated in Malaysia. The sole equity investment of SDSB is in PT Agro Indomas (PTAI), an oil palm plantation Company based in Indonesia, in which it has a controlling interest. The Company has designated its investment in SDSB as a financial assets classified under Fair Value through OCI, and is measured at fair value.

The Company obtained the services of PricewaterhouseCoopers Advisory Services Sdn. Bhd. Malaysia (PwC) to carry out an independent indicative fair market valuation of the equity interest in the unquoted investment in SDSB as at valuation date of 31st December 2022. This independent professional valuation is carried out annually and recognized as at 31st March 2023. Any changes in fair value accordingly, is recognized on an annual basis.

The primary approach adopted was income approach. The fair market valuation of the equity interest in the unquoted investment in SDSB was derived using adjusted net assets basis, which was very much dependent on the fair value of the palm oil plantation held by PTAI. The fair market valuation of the equity interest in the unquoted investment of SDSB in PTAI was derived using discounted cash flows method.

The fair value of the equity investment of SDSB in PTAI has been valued based on the following key assumptions/bases:

- (a) Estimated economic life of the oil palm plantations of PTAI is 28 years.
- (b) Consider one planting cycle (i.e. no replantation at the end of the economic life).
- (c) Yield per hectare is estimated considering maturity profile, weather, soil and terrain conditions.
- (d) CPO ex-mill prices in FY 2022/23 and FY 2023/24 is estimated to be USD 760/MT and USD 675/MT respectively. FY 2024/25 onwards, prices are in line with the World Bank CPO price forecast (Oct 2021 and Oct 2022) and adjusted for the trasportation cost and Indonesia palm export levy. After FY 2031/32, prices are assumed to remain unchanged.
- (e) Weighted average cost of capital (WACC) of 10.5%
- (f) Indonesian corporate taxation rate at 22% in FY 2023 and beyond.
- (g) Inflation is based on International Monetary Fund (IMF) forecasts.

#### Sensitivity of the key assumptions used

The significant unobservable inputs used in the above fair value measurement categorised within Level 3 of the fair value hierarchy (Note 03) together with a quantitative sensitivity analysis are as shown below:

The below values are based on 13.33% equity stake in SDSB and base case is at WACC of 10.5%.

	WACC		CPO ex – mill price		Yield	
	1%	1%	5%	5%	5%	5%
	Increase Rs'000	Decrease Rs'000	Increase Rs'000	Decrease Rs'000	Increase Rs'000	Decrease Rs'000
Effect of fair value in unquoted equity shares in SDSB designated as Financial Assets classified under FVOCI	(965)	1,039	4,824	(4,824)	3,340	(3,340)
