

Summarised Financial Report for the year ended 31st March 2023

#### Review of operations for the year ended 31st March 2023

The year under review was faced with global economic challenges with most countries facing higher inflation and rising interest rates. Your Company has a 13.33% equity stake in Shalimar Developments Sdn. Bhd (SDSB). The Indonesian plantation, in which your Company has an equity stake, via SDSB, has exceeded its prime age, thus posing new challenges in maintaining the property amidst rising operational costs such as fertilizer and harvesting. On a positive note, the Crude Palm Oil (CPO) Prices increased compared to the previous year. However, the export ban implementation in Indonesia to control the domestic palm oil prices somewhat dented the CPO price upside. With the relaxation of export ban in the 2nd quarter, release of excess stock to the market resulted in a steep decline in CPO prices. Indonesia has since controlled the domestic vegetable oil prices via an export quota system and an aggressive export duty levy mechanism thus capping the producers price upside benefit.

The only source of income earned by the Company in the year under review is the interest income from short term deposits. The interest rates witnessed an increase during the year. Your Company recorded a net profit after tax of Rs. 3.79 Mn for the year as compared to the profit of Rs. 22.91 Mn recorded in the previous financial year.

#### Minimum Public Holding and Decision to De-list

As per Rule 7.14.1 (1) (a) of the Listing Rules of the Colombo Stock Exchange (CSE), a Listed Entity on the Main Board having a public holding below the specified requirement in terms of the said rules, has to ensure that the public holding of such entity is maintained at a defined public holding percentage of shares in the hands of a minimum number of public shareholders as specified in the said rules.

As previously informed via annual and interim reports, the Company has been non-compliant with the CSE Listing Rules relating to minimum public holding requirements for companies listed on the Main Board since 1st December 2015. Due to such non-compliance, the Company was transferred to the 'Watch List' of the CSE in terms of Rule 7.14.2 (b) of the previous Listing Rules of the CSE with effect from 02nd July 2018 and thereafter transferred to the Second Board with effect from 15th November 2019 in accordance with the amended the Listing Rules of the CSE.

In this regard, we wish to highlight that the objective of the voluntary offer made to all shareholders in 2011 was to acquire the entire minority shareholding. The offer document dated 17th March 2011 also mentioned that upon completion of the voluntary offer, the rationale for remaining listed will be evaluated. Since the voluntary offer did not result in the acquisition of the entire minority shareholding, the Company continued to remain listed.

In 2016, the Company sold its main operational asset, the Malaysian oil palm plantation and the proceeds received by the Company was distributed via a share buy-back and cash dividend in 2017 after deducting taxes and related expenses.

The CSE via letter dated 22nd February 2022 has informed the Company that the CSE in consultation with the SEC, is contemplating to carry out enforcement actions for non-compliance with the Listing Rules relating to minimum public holding requirement. The Company was requested to submit an Action Plan for adoption to be compliant with this requirement by 15th March 2022. Considering that there is no requirement for additional capital infusion to the Company and since Goodhope Asia Holdings Limited (GAHL) had no intention to dilute its current holding in the Company, the Company via letter dated 13th June 2022 communicated to CSE that it is conducting preliminary discussions with GAHL being the majority shareholder, for the purchase of shares from shareholders of the Company, who may wish to divest their shares.

GAHL, the majority shareholder has indicated its willingness to purchase the shares of the Company held by the minority shareholders who wish to sell their shares and made the exit offer price on 17th May, 2023.

Accordingly, the Board of Directors of the Company has made a decision on the 17th May 2023 to accept the exit offer price made by GAHL in order to acquire the minority shares in order to facilitate the proposed de-listing of the ordinary shares of the Company from the official list of the Colombo Stock Exchange subject to obtaining required shareholder and regulatory approvals.

The Board of Directors will take all necessary steps in accordance with the Rules of the Securities and Exchange Commission of Sri Lanka published in Gazette Extraordinary No 1215/2 dated December 18, 2001, in relation to the de-listing of shares from the Official List of the CSE.
